

# Upgrade EDIKIO PRICE TAG to version 2.0

Like for all new installation of software, we highly recommend you to respect the following steps

**SAVE**  
YOUR DATA

**INSTALL**  
NEW SOFTWARE

**START**  
NEW APPLICATION

## SAVE your data

If you have already a Price Tag version 1.1.6 or earlier, click on **File>Export Edikio Layouts/Items List** to save all layouts and database records in edikio.zip file

## INSTALL new software

To install version 2.0, launch **Setup\_EdikioPriceTag.exe** and follow the steps of the wizard.

## START new application

Now, you can use the new software version 2.0 of Price Tag !!!

### Remark:

If you do not see your database, please perform to a restore by clicking on **File>Restore** to retrieve the database records contained in the edikio.zip file previously saved.

If the problem persists, please contact your reseller
